Dear Mr. Miller,

FISA has received your material, PPS, for which you have requested approval for use on racing shells used in competition. Thank you for your interest and compliance with our rules.

The material has been reviewed by our Materials Commission, relative to our Rule 27, Bye-Law 2.4, and has been found acceptable for use. FISA does not in any way endorse, substantiate or comment on the reliability of claims made concerning the properties of this material.

Please address any further questions to me at the address below. We apologise for the delay in response.

Sincerely,

A handwritten signature in black ink that reads "Matt Smith". The signature is written in a cursive, slightly slanted style.
